August 2021

Welcome to Accelerate

ACCELERATE has a simple but ambitious aim: to improve the teaching of art and design at higher education in a post-pandemic Europe through the development of innovative methodologies, tools, platforms, and resources for accessible immersive learning.

It will do so by bringing together art and design lecturers, educational researchers, and learning technologists from the UK, Ireland, Poland, and Ukraine to reflect on the impact of COVID-19 and to explore new possibilities for pedagogy and digital innovation.
